

## **Project Description**

The business was co-financed by the European Union and National Funds under the framework of the Action of the "Central Macedonia" Program of NSRF 2021-2027, "Innovation Investment Plans." The project aims to develop a new line of high-value-added Vegan cheese products by replacing synthetic ingredients with ingredients from alternative plant-based sources and superfoods. The total project budget amounts to €355.850,00, and the Public Expenditure to €266.887,50.
